Some Dredging of Lakes Planned

But It Won't End Flooding

Dredging will be resumed next year in the Chain o' Lakes ... \$250,000 worth.

The work is expected to increase boating pleasure on the lakes, but it won't help the flooding situation - which has been called the area's No. 1 problem.

This information came last week when members of the Chain o' Lakes-Fox River commission met at McHenry Country Club with Leo Eisler, director of the state's Division of Water Resources.

Gov. Daniel Walker has approved the \$250,000 for dredging. It probably will be done in Nippersink Lake, or thereabouts. That's where the commission sought \$940,000 in funds to build a dredging material containment area and to complete channel improvements in Pistakee Lake.

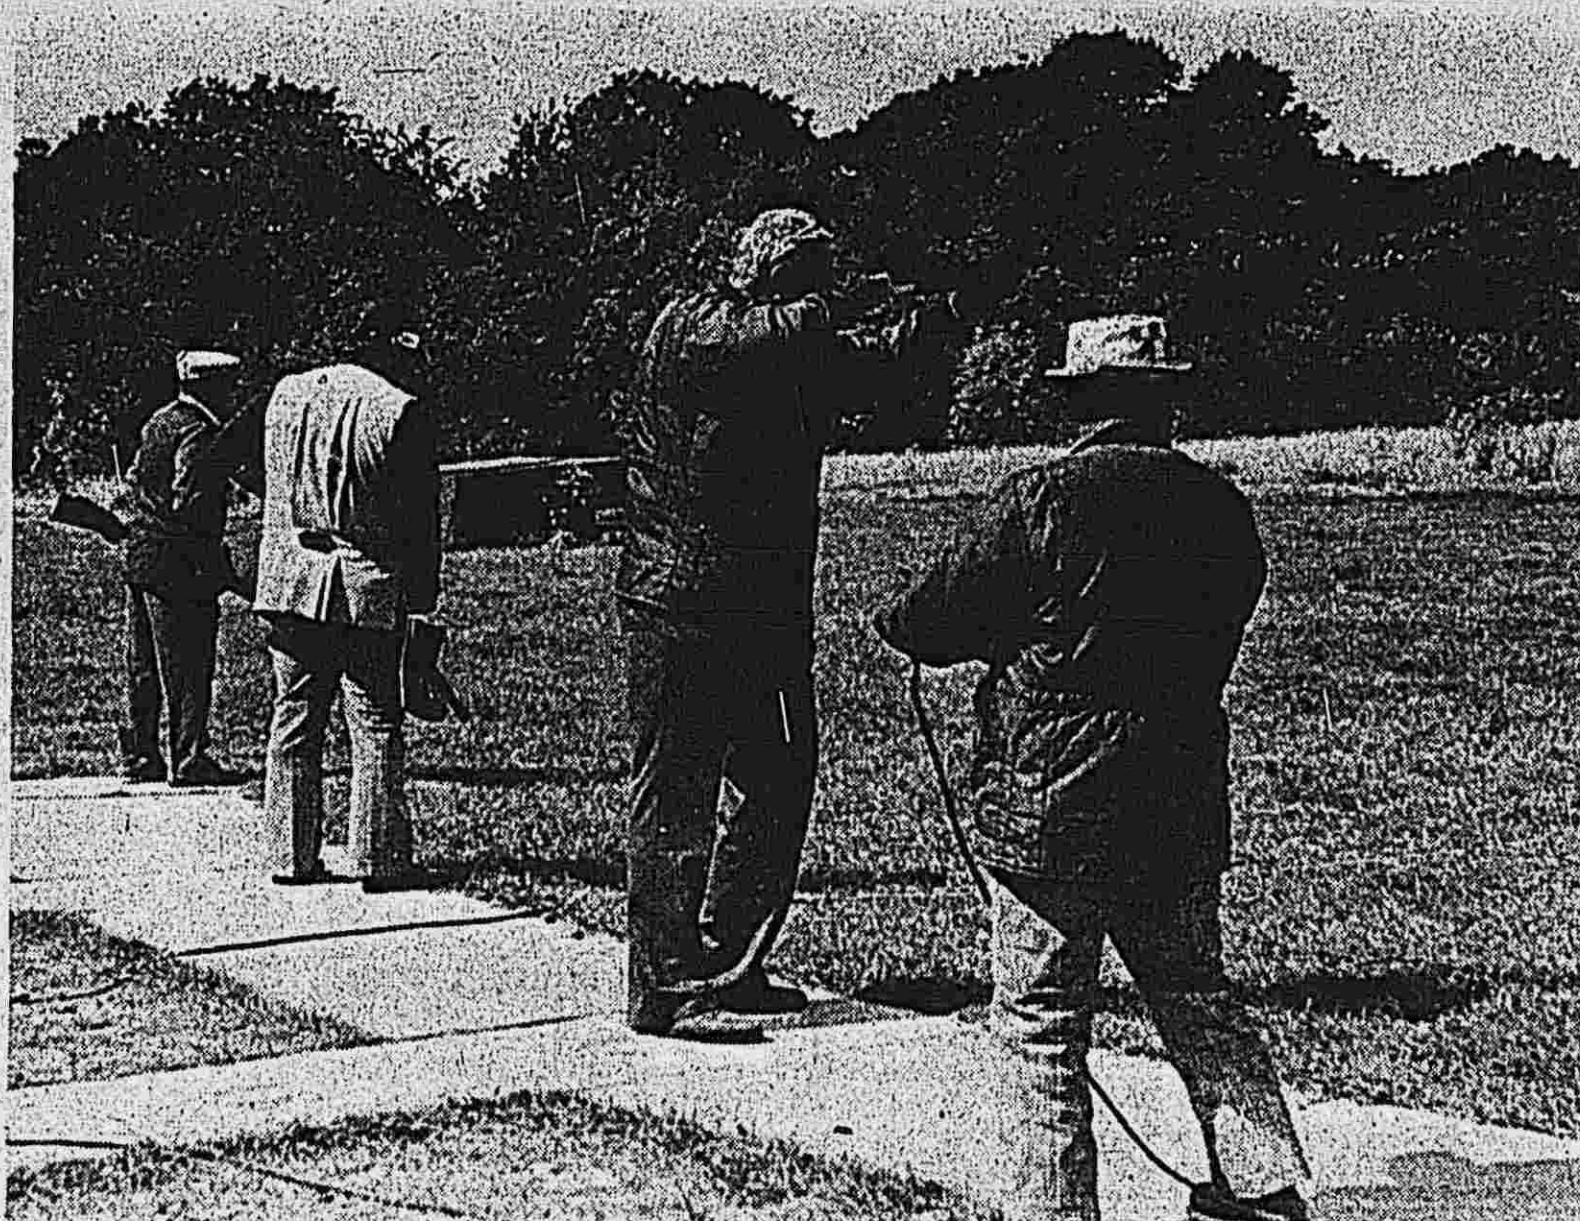

The appropriation went through the General Assembly without a dissenting vote, but it

IT WAS "JIM McMILLEN DAY" last Saturday when Antioch High School opened its football season here. The former Illinois and Chicago Bears football star, wrestling great and mayor of

Antioch, was introduced before gametime by Don Zeman (left), a member of the school's faculty and coaching staff.

SHOTGUN ENTHUSIASTS are getting ready for Sunday's second annual Safari Trap Shoot, sponsored by the Antioch Lions Club. The event lasts from 10 a.m. till dark at the Northern Illinois Conservation Club range, three miles west of Antioch on Rt. 173. A large array of prizes awaits marksmen of varying abilities. There are contests for new shooters as well as experts. Be sure to see the advertisement on page 19.

Sequoits Thrill Football Fans

If they had held a popularity contest in Antioch last Saturday the winners would have been the members of the high school football team.

They treated their fans to a most satisfying 20-14 victory over Woodstock's Blue Streaks.

Things didn't look so good when Woodstock led 14-6 after three quarters, but Antioch charged from behind with two touchdowns, Tim Sheppard scoring on runs of seven and eight yards.

Antioch drove 70 and 79 yards for those touchdowns, and now the future appears bright

instead of bleak - as it would have looked had Woodstock won.

THIS SATURDAY, the Sequoits travel to Stevenson, which is located on Rt. 22 between Lake Zurich and Half Day.

The varsities will clash at 2 p.m. and a second straight win would delight Antioch fans no end.

Last year Stevenson had a 4-5 record while Antioch was 1-8. But Antioch's Sequoits are given a good chance of beating

was vetoed by Gov. Walker.

Area legislators will return to Springfield in October and try to override the veto.

At last Friday's meeting, William E. Brook, chairman of the Chain o' Lakes commission, said:

"I'm sure we'll be working very closely in the future with Mr. Eisel's Division of Water Resources."

Eisel said the \$250,000 was just a start toward improving the Chain. He feels Gov. Walker will approve more appropriations in future years.

"The governor definitely stands for an ongoing program," he said. "We are the

folks from 200 miles away. Your commission hopefully will provide the major input."

Members of the commission said they hoped Eisel's office could bid the dredging contracts within 60 or 70 days so that work might start early in 1976.

On the question of flood control, Eisel said:

"A lot of water comes down here from Wisconsin. We realize there is a very severe flooding problem and the Army Corp of Engineers is doing everything it can to come up with solutions. Dredging does help some, but it is not a cure-all for flooding."

"Dredging in the summer will interfere somewhat with boating," Eisel said. "We'll have to park a dredge in the middle of a channel."

State Sen. Jack Schaffer,

R-Cary, quipped:

"I can assure you, that if you start dredging, the only problem will be the people coming over to congratulate you and offering you free cans of beer."

Because he works for the governor, Eisel said he would have to oppose attempts to override the veto of the \$940,000 appropriation.

"You're not the only people in the state who don't feel they've gotten enough money," he said. "The folks with the flooded basements feel that way, too." The legislators still plan to try for the override, but Rep. John Matijevich, D-North Chicago, said at least the \$250,000 is better than zero.

"I see a future brighter than the past," he said.

Congrats to the fighting Sequoits who defeated Wauconda 20 to 14 last Saturday afternoon. You couldn't have asked for a nicer afternoon for the first game of the season. Former mayor, Jim McMillen who played professional football and wrestled professionally was honored. His grandson, John Kakacek presented him with a football autographed by all members of the varsity team.

The marching Sequoits did a fine job too! Along with the flags and the pom-pom girls it turned out to be quite a show.

Art students of Mrs. Wava Barnes are having an art exhibit and sale on the lawn of her home at 565 N. Main Street this Sunday afternoon from 1 to 5 p.m. The oil paintings on display will represent some of the best work of students ranging from 10 years of age on up who attend her classes.

Nice to hear that Bob Blecke, who is attending Bradley University in Peoria, gained twelve hours of college credit in English and Social Studies by taking the C.I.E.P. tests. A fine savings in both time and finances.

HEY - did you know there's a Norwegian sailor in Antioch! Everyone is talking about the Viking Ship in Evie Oftedahl's driveway. Hear tell he bought it from a fella who bought it in Oslo, Norway. After a little fixing this winter, it will be ready for a trial run in the lakes next spring and summer and then - who knows!

Get wells to Mrs. Mary McCann who is in Victory Hospital.

The Antioch firemen water fight teams and those of surrounding communities will compete against each other this Sunday afternoon at the Village Parking Lot by the water tower beginning at 2 p.m.

SPECIAL BIRTHDAY wishes to Ann Pfarr, who will be 14 on Thursday. Beautiful young lady, that Ann. (Her dad, publisher of the Antioch News, insisted we say that.)

Belated birthday wishes to Robin and Renee Horton who were just one-year old last Sunday. Many happys to Debbie Rentner and Michelle Blanchette who celebrated on the 8th; to Laura Swanson on the 9th; to Darlene Frietag, Betsy Lipscombe and Angel Kelly Cox on the 13th; to Alice Palaske on the 14th; to Donna Chase and Kathy O'Conner on the 15th and to Viv

BARRY GOLDWATER

Stupidity And Red Tape

By SEN. BARRY GOLDWATER

President Ford's big drive to revise the streamline government regulatory practices has already failed.

I say that because of well-founded reports that White House strategists are backing away from the legislative approach while insisting the way to achieve reform is by prodding the regulatory agencies and commissions to act on their own.

This is precisely what the nation's 66,000 regulators wanted to happen. They want

the privilege of deciding their own future. The Administration seems to forget that the trouble which now exists was created by the people they hope will correct it.

Interested observers, in and out of Congress, report that the regulatory agencies are fully as obstinate and intractable as they always have been when urged to cut down on the inefficiency, stupidity and red tape with which they have adorned their activities.

From the very beginning it has been known that the problem in the regulatory

section of government would require far more than campaign rhetoric and cozy summit meetings at the White House between Administration bosses and agency heads.

In years past these things have always resolved themselves in the same pattern. A meeting is held, complaints are aired, concern is expressed, the commissions involved vow to do better and that is the end of the whole thing. Nothing constructive results, and the regulators go on their merry way doing exactly what they want to, when they want to do it.

Another reason the President's campaign isn't getting off the ground is that it was launched prematurely. White House strategists rushed ahead with the idea of regulatory reform before they had fully examined the problems and decided on feasible approaches. Consequently, there is a great deal of confusion around the White House on this issue, and the Administration itself is bogged down in differences over how best to come to grips with it.

In addition, the campaign has failed to develop the political attraction that some White House experts had hoped it would. The popularity of the regulatory reform drive, at present, seems pretty well confined to the business community and portions of the economy which feel the weight of government regulation most directly.

I came here from Wisconsin 17 months ago and I'm a strange bird in that, although I thoroughly enjoy professional football, I never really care which team wins.

This sometimes comes in handy because, right now, I'd sure hate to care a lot about the success of the Green Bay Packers.

Meter Feeders Hurt Businessmen

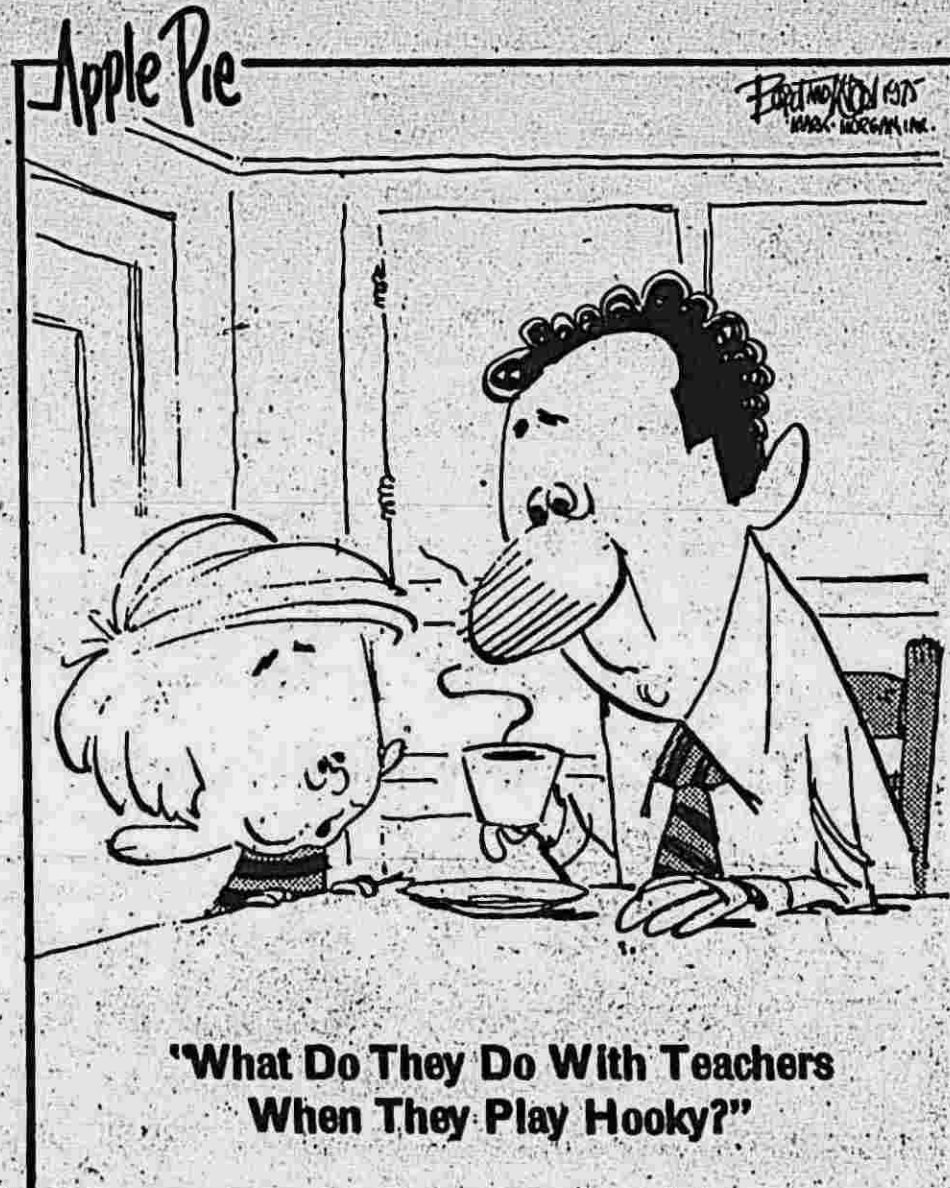

The local Chamber of Commerce has always asked people working in the business district not to park for long periods of time on Lake and Main streets.

But it's happening again. Persons who work downtown are feeding the meters, tying up parking spaces that should be left open for customers.

It isn't fair to the merchants in front of whose stores they park, all day long.

And it's costing the merchants money, something businessmen are having a hard time making these days.

Please, you meter feeders, park in a village lot and leave the spaces on Lake and Main open for the shoppers. We need them.

Antioch in 1941

War Began, Life Went On

By BETSY ROSSEN

The year was 1941 and Antioch, like the rest of the nation, was absorbed in the growing war effort. As the autumn issues of The Antioch News tell, the battles were fought back home as well as on the front lines.

The Marines were looking for lots of good men instead of just a few. The Red Cross mobilized its efforts. Local businesses and industry geared themselves for wartime production. The area

reluctantly yet proudly gave its young men for military service.

But life in Antioch that year did function apart from the war and The Antioch News of 1941 provides a story in itself.

L. R. VanPatten, charter member of the fire department for 27 years, was elected to succeed Chief James Stearn Sept. 9. He had worked for 20 years in Williams Department Store and served for 17 years as one of the firefighters' truck drivers and assistant engineers.

THE ONLY kindergarten in the area was started that fall at the Antioch Grade School Principal R. E. Clabaugh announced that it would be open mornings.

The Antioch Junior Legion Drum and Bugle Corps received a certificate of merit for its outstanding performance in the August Tournament of Music, held in connection with Chicago's Riverview Park Mardi-Gras Carnival.

Peace Evangelical Lutheran Church, Wilmet, celebrated its diamond jubilee Oct. 5, featuring speakers at a special dinner to commemorate its 75 years of service and worship.

REPERCUSSIONS of the federal tax on slot machines continued in October, with additional problems including the use of pinball machines. Apparently several machines had been licensed in Antioch and nearby communities prior to the ruling which prohibited their use.

Antioch Township Library's 6,000 volumes were moved in November from the Irving Elms building to the building vacated by the Antioch Five and Ten. Miss Mary Stanley was librarian of the collection, which had previously been

This is what one must admit as being of service to the traveling public. Just be sure your ticket says "NY Helicop-

Exchange Programs At Library

Betty Lu Williams, Antioch township librarian, has announced that the library would like to add a couple exchange programs since the paper-back exchange has been so successful.

"The two we would like to add are jigsaw puzzles and patterns (dress, pants suits, etc.) which have been successful in other libraries. Won't you bring in your puzzles, pre-school on up, that have been stored on the closet shelf and your patterns that have been stashed away in a box or drawer to start the program?" she asked. "If you didn't know about our paper-backs, we have all types of fiction and non-fiction so bring in those just taking up room in your bookcase, and get some different ones. While here don't forget to look around at other books, phonograph records, pictures, etc." Betty Lu said. "The children are sure

enjoying the Disneyland record-book sets. We are looking for other series of a similar nature since these have been so popular," she added.

John McAvoy Wins Football Contest

Antioch football fans know how to pick 'em.

Take John McAvoy, of 579 Gary's Drive, for example. He predicted that Antioch's Sequoits would beat Woodstock by six points.

They did, and John won first prize in the weekly Antioch News football contest. He will receive a \$15 gift certificate at BJ's Fashions for Men, or BJ's Closet.

There was a three-way tie for second place because Tim Vander Meer picked Antioch to win by five points while Rob Crowell and John Grippando each picked the Sequoits to win by seven.

So the tie-breaker had to be used—the Chicago Bears game. The Bears lost to the Miami Dolphins 21-10 last week. Both Crowell and Grippando had predicted the Bears would lose by 21-7. And Tim was only a point behind them in his

selection, since he said Miami would win 21-14.

Talk about sharp forecasters! Second prize, a \$10 gift certificate at Swan's Liquor Store, goes to John Grippando, because he said Antioch would score 14 points to Woodstock's 7. That's slightly closer than Rob Crowell's selection of Antioch 13, Woodstock 6. Rob will receive a \$5 gift certificate at

The Vault restaurant.

THERE WERE other expert forecasters in last week's contest. Remember, Antioch beat Woodstock 20-14. Well, Ronda Wapon said it would be 20-16. And she picked Miami to beat the Bears 21-14. It was 21-10.

Ray C. Traves picked Antioch to beat Woodstock 21-13, so he was only two points off.

Hearing on CABL Sept. 25

A public zoning hearing on the CABL property will be held at 7:30 p.m. Thursday, Sept. 25.

The site will be the Antioch village hall and the hearing will be conducted by the village's zoning board of appeals.

The CABL group already has a pre-annexation agreement with the village. The proposed zoning petition will be considered at the Sept. 25 hearing.

The CABL property, west of Tiffany Rd. and south of North Ave., eventually could become a major housing development.

The project has received the endorsement of the village planning commission and the high school and grade school districts.

Mayor Robert C. Wilton and village trustees have said they are now in favor of the annexation.

Village Atty. Andrew Lynch said he doubts there will be any objection from the zoning board.

AT LAST WEEK'S village board meeting, Mayor Wilton said that due to the breakout of an encephalitis epidemic in the southern part of the state, the mosquito spraying company employed by the village will now spray every seven to 10 days.

He said that with the spraying already done and a stepped up schedule he anticipated no virus problem in the village. However, he warned citizens to drain stagnant water areas, empty catch basins and cut down heavy foliage where mosquitoes can breed.

Old Farmer's Riddle: What kind of bed is a three-season bed? (Answer below.)

Ask the Old Farmer: While reading a newspaper recently I came across a list of articles that were sent by John Hancock to his fiancée, Dorothy Quincy. One item was listed as a pair of black calem do. Do you have any idea what a calem do is?

It is generally known that John's penmanship was of the best, but we wonder

about his spelling. In searching for the answer to your question, we find, under very similar spelling, that it could be: a small bird like a quail, a small Turkish rug, or a pair of mitts — gloves of a sort which leave part or the whole of the fingers exposed. This is the best we can do.

Home Hint: Be careful when cooking large quantities of rice. Make sure the pan you are using is large enough. Rice swells 3 to 4 times its measure as it cooks. . . . Riddle answer: One without a spring.

Rotary Barbecue, Auction Is Only 10 Days Away

If you tasted the barbecued pork chops at last year's Rotary Club dinner, dance and auction, you don't have to read this story.

You'll be back Saturday, Sept. 20, when the Antioch Rotarians present their 1975 Country Barbecue at St. Peter's social center.

But if you didn't taste those pork chops, then this article is for you!

It was probably the most delicious meal served last year

... in Antioch, the United States and probably including all of Europe.

The Rotarians bring in a fellow named Fay Wilder of Danville and nobody barbecues pork chops like Mr. Wilder does.

The food will be served from 6 to 9 p.m. on Sept. 20. Tickets are

being sold by all Rotarians, and their addresses are listed in the advertisement on page 20.

Vern Thelen, Rotary's chairman for this event, and Don Pittman, who has donated three pigs, a steer and many antiques, will be interviewed Thursday at about 1 p.m. on WKRS in Waukegan.

A highlight of the evening will be the Rotarians' annual flea market and auction.

You're going to miss this event? Wallflower!

Santa Claus Plans Visit To Antioch

Antioch's children can't wait till Christmas to be good little girls and boys.

Santa Claus will be here a month early to check on them. The Chamber of Commerce

and Industry has announced that Santa will arrive on Friday, Nov. 28, the day after Thanksgiving.

He is expected to arrive at 3 p.m., riding down Main St. on a

fire truck. Then he will find a seat in one of the buildings near the village hall and offer his lap and his ear to children until about 7 o'clock that evening.

Friday, Nov. 28, also will be the annual "Hospitality Night" celebration sponsored by Antioch merchants. Shoppers will be invited to visit the various stores and participate in some pre-Christmas hospitality with the downtown business people.

Astro-Analysis

By Sonia

ARIES [March 21 - April 19] — Be sure to do some careful planning if you're contemplating borrowing money. Friends can prove costly so think twice before splurging. You benefit most by enlisting help from partner.

TAURUS [April 20 - May 20] — Take your time in important decision making; although you are more energetic than ever, rushing into some new project may prove to be a lost cause in the long run.

GEMINI [May 21 - June 20] — A good health program can put you at your best. Go all out to gain physical fitness, including a revised diet if necessary.

CANCER [June 21 - July 22] — An outing which includes young people should be planned. You seem to communicate well with the younger generation now so go all out to get things organized.

LEO [July 23 - August 22] — Do nothing to disrupt domestic harmony. The importance of getting along with family members is invaluable. Consider entertaining in the home and be sure to include close kin.

VIRGO [August 23 - September 22] — You may be entertaining philosophical thoughts, don't dismiss those ideas. Dreams have a way of materializing into reality now, but don't fritter away precious time. Go ahead with plans which includes education.

LIBRA [September 23 - October 22] — A most productive and eventful week is in store for Libra if concise plans are made in advance. It's important to be completely organized in all undertakings.

SCORPIO [October 23 - November 21] — Peace and harmony are essential so don't settle for less. Avoid discordant activities and go ahead with those extremely creative, expansive plans.

SAGITTARIUS [November 22 - December 21] — Your faith and devotion to a particular cause can prove inspirational to others. If you can overcome the tendency to become bored, your efforts will be worthwhile.

CAPRICORN [December 22 - January 19] — You possess the energy to handle most anything now, from an increase in the work load to ironing out difficulties with co-workers. Use these beneficial skills to catch up on past obligations.

AQUARIUS [January 20 - February 19] — Although you are independent, it may be a good idea to get in touch with one who can advise you. Ideas are good but know-how and experience are also a must.

PISCES [February 19 - March 20] — You are prone to meet attractive members of the opposite sex so be sure to accept invitations of entertainment.

North Shore Marine Extension Program

After eight years of negotiating with the Waukegan Port District, North Shore Marine began its move to the Waukegan Harbor. Port District facility known as the General Peace Pavillion which is located directly on the harbor in front on ten launching ramps that accommodate up to 30,000 boat launchings per season. Even though General Peace Pavillion is leased by North Shore Marine, Mr. Poloway makes it available to the public for fishing tournaments of more than 6,000 participants and lends the showroom to the Power Squadron for educational courses in sailing, engine maintenance and weather. Further, North Shore Marine is constantly aiding the public in

the repair, service and warranty problems of every boat dealer within 150 miles.

North Shore Marine has been in business 27 years and sells eight lines of boats, six lines of engines, two lines of trailers and a complete line of accessories in the ship's store. In addition, the company also operates a boat and yacht brokerage business. Complete marine service is also available including hull and shaft repair, engine rebuilding and repowering and special installation of all types.

Another new service to aid the Port District with revenue to support the harbor is North Shore Marine's acquisition of a

ten ton crane to remove boats from the water for storage in the area which holds 500 boats and is used by the public in the summer for car and trailer parking. A major percentage goes to the Waukegan Port District for harbor maintenance.

North Shore Marine has been provided a service dock to be used as an emergency service area for all Lake Michigan boaters. Here, the general boating public can get quick "on the water" service for minor mechanical and electrical problems, thereby relieving launching ramp congestion and unnecessary lost haul-out time which might otherwise be spent boating. However, all major repairs require haul-out.

Spectacular Races Staged At Speedway

Gary Dye of West Allis, Wis., coupled a win in the first half of the Twin 40-lap feature race for super modified cars with an eighth place finish in the second half of the special event to win overall honors last Saturday on the IRA Speedway in Wilmet.

Despite unusually cold temperatures; more than 2,000 die-hard fans turned out to witness one of the wildest programs of the season as the extremely hard and fast track took a heavy toll of cars.

Mike Simko of Milwaukee narrowly escaped injury when his super modified racer got caught in a multi-car pileup in the first turn and was literally turned into a mangled hulk as it was flipped, rolled and smashed. Another victim of the same crash, Bill Shaffer of Waukegan, suffered burns to his leg as his car caught on fire and the intensive heat worked its way through his fireproof suit.

Super Softball Game! Jaycees Beat Firemen

The big softball game between the Antioch Jaycees and the village Fire Fighters was as thrilling as it was cracked up to be.

The Jaycees won 21-20. (No, it wasn't football ... as we said, it was softball.)

The game went 10 innings. It was tied 20-20 until the Jaycees pushed across a run in the 10th when Tom Owens singled with the bases loaded.

Owens, Glen Hendricksen and Wally Jankowski all hit home runs for the Jaycees.

The Firemen broke away to a 9-0 lead but the Jaycees finally caught them. In the seventh inning they busted the fences for 13 runs, gaining a 20-12 lead. The Firemen came back with eight runs to tie the score, only to lose in the extra inning.

"We were true sportsman," a Jaycees spokesman said. "We spotted them nine runs before we really started playing. He also said it was a good friendly

game, with no fist fights.

"After the game everybody went over to the fire station and drank a lot of beer," our anonymous source reports. "The firemen paid for the beer."

The Jaycees will play Pickard China at 7 o'clock tonight at the Little League Field.

The Firemen played a team from Felter's Subdivision on Sunday, losing 23-21 in another "pitchers' duel."

Ron Horton and Dennis Volling hit home runs for the Firemen, and Scotty Lowe connected for three home runs, one with the bases loaded.

Felter's scored six runs in the ninth inning to turn the game around after trailing 20-17.

A spokesman for the Antioch Firemen explained that Felter's fielded a team of younger players. Next time, the outcome will be different, he warned.

Antioch Viking Grid Teams Win

The Antioch Viking Lightweights, 1974 division champions, opened their new football season here Sunday with a 13-0 victory over Rolling Meadows.

After a scoreless first half, Hal Fox plunged over from the eight to put Antioch ahead 6-0 in the third quarter. Steve Jennerick's extra point made it 7-0.

With two minutes left in the game, Fox scored again on a 20 yard sweep. This time the extra point try failed.

Viking coaches said the lightweights' defensive unit did a fine job, holding Rolling Meadows to four first downs. Scott Peterson and Mike Dye got special mention from the coaches, and Chuck Bogaerts was praised for blocking a punt that put the Vikings in scoring position.

THE HEAVYWEIGHTS also were successful, beating Rolling Meadows 7-0. The Antioch defense completely stopped the visitors on the ground in the first half and then thwarted a passing blitz in the second half.

Bob Rumps intercepted one of the Rolling Meadows' tosses.

The game was scoreless until only four minutes remained, when Kevin Merkel scored for Antioch from the eight. Ray Scarpelli added the point-after.

Earlier the Heavyweights had a TD run called back after Merkel apparently had scored.

THE VIKING PeeWees traveled to Buffalo Grove and lost 34-0 to a big and fast team. Highlights for Antioch were quarterback Paul Zegan's three complete passes to Bob Thain.

Final Races This Weekend At Waukegan

Carl Major wheeled his prototype Engineering Camaro to an impressive win in the rain delayed Carling 50-lap championship race last Saturday at Waukegan Speedway.

Major took the lead in a wild start of the extra-lap race and finished with a healthy margin over Tom Jones, who spun while pursuing Major.

The big win boosted Major into second spot in the season's point standings in front of Ray Young who did not compete. Saturday's races were the final point races for the late models this year.

The final late model race at Waukegan will be Sunday afternoon when they compete in the Carling 50-lap "City Championship." Following the races, the final trophy awards will be made to the top late model and hobby drivers in infield ceremonies.

Sequoits Rally To Beat Woodstock

Continued from page 1

Stevenson's Patriots this time around. After all, Stevenson lost 36-6 to Grant's Bulldogs last week.

Stevenson is big, but young, this year - relying a lot on juniors.

The Patriots aren't as bad, however, as the 36-6 loss might hint. Penalties and mistakes killed them last week.

"WE HAVE good talent among the nine senior lettermen," says Stevenson coach Tom Baumann, "but we lack depth and experience. Success will depend on development of the juniors."

After a scoreless first quarter last Saturday, Woodstock took a 7-0 lead early in the second period.

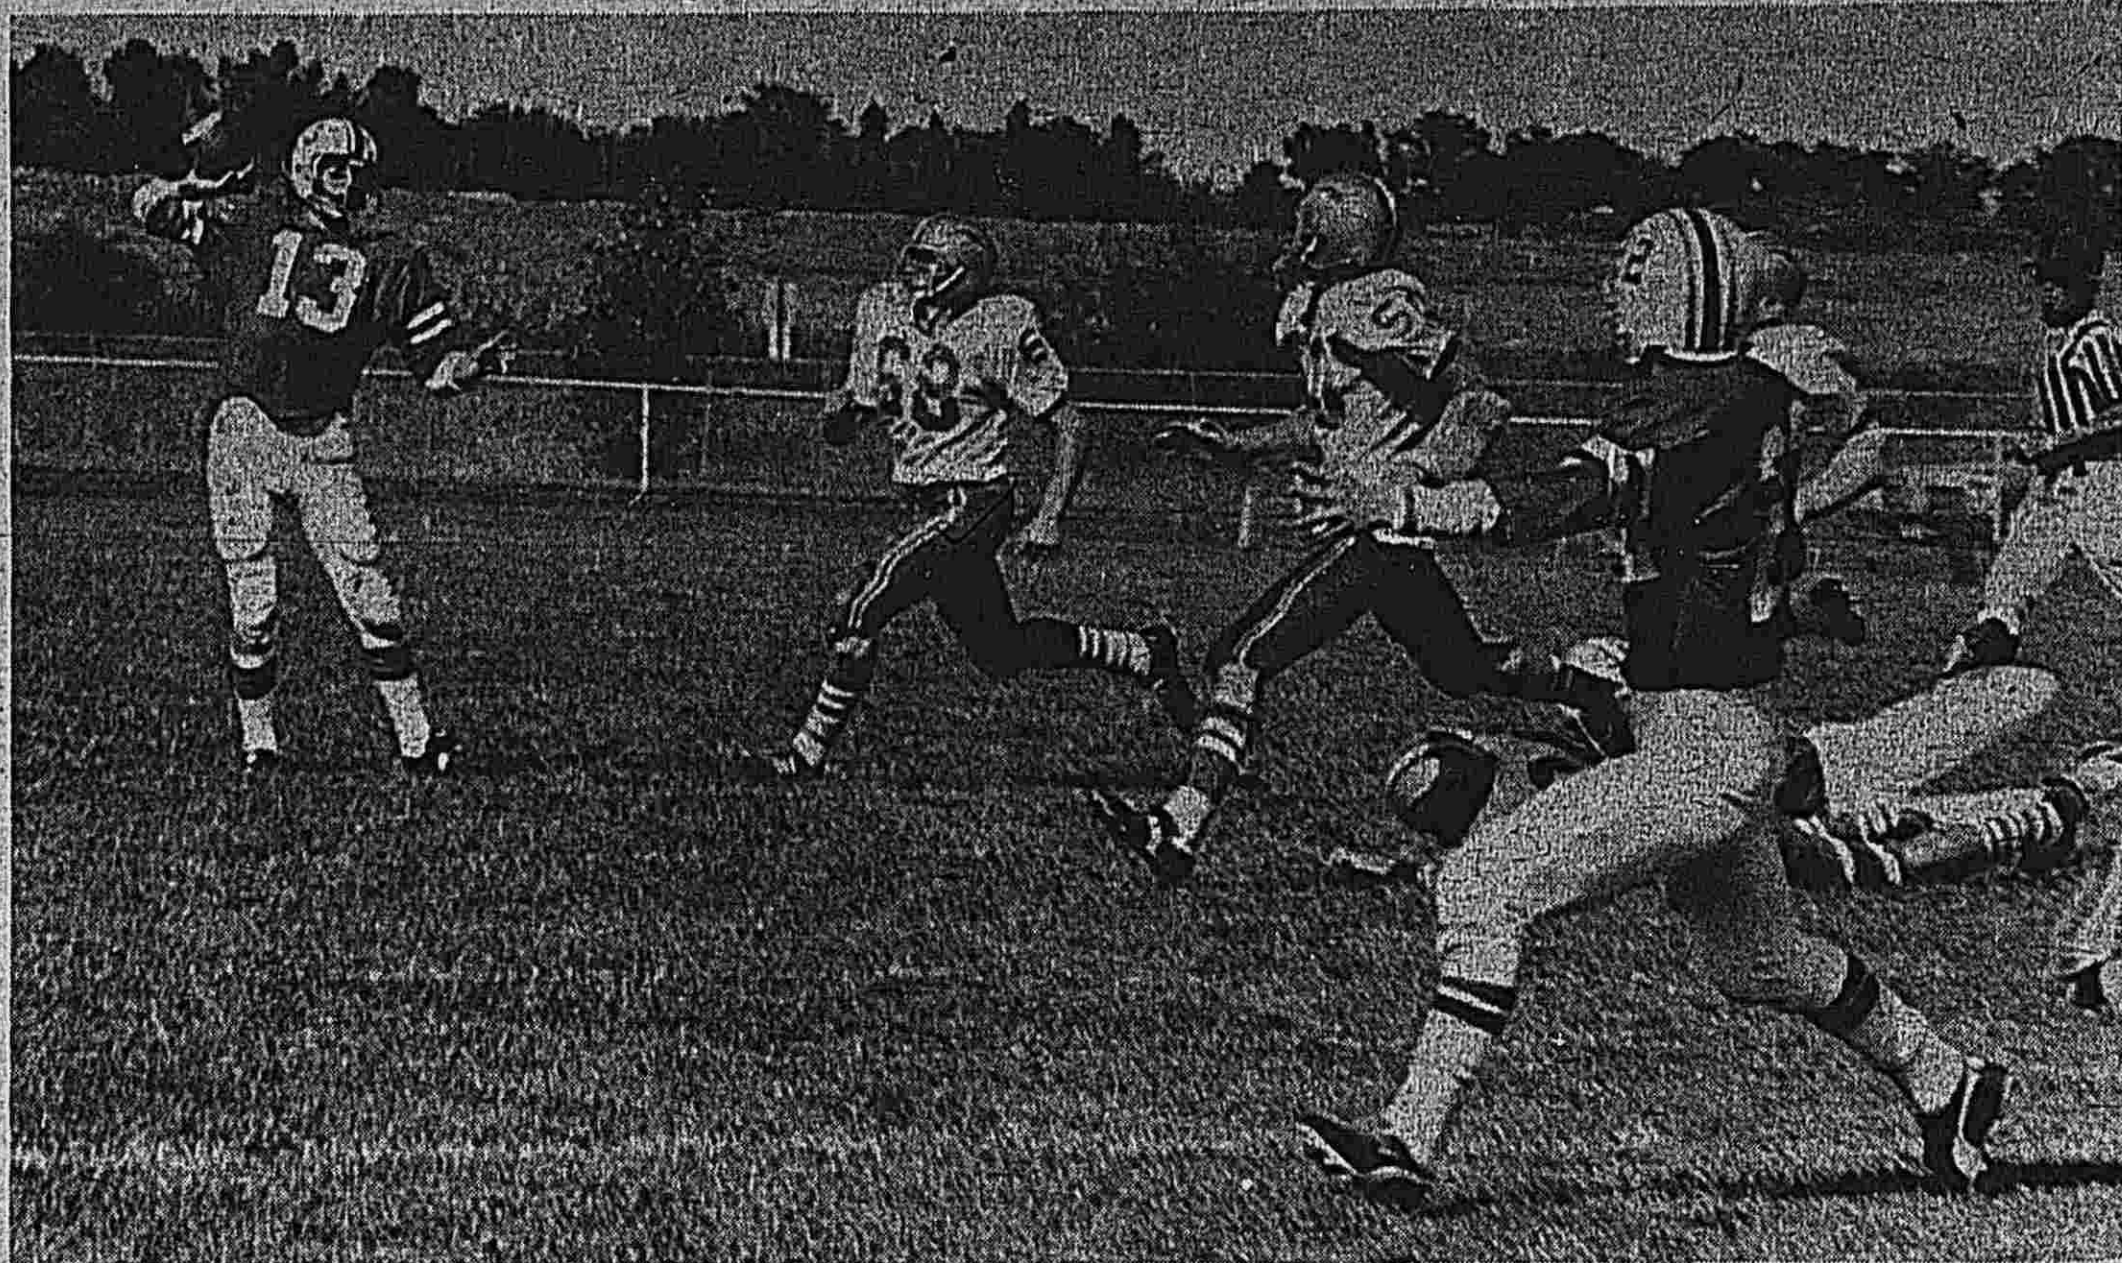

But Antioch bounced back, closing the gap to 7-6 when quarterback Jon Bodin hit end Chris Boarini with a 34 yard touchdown pass. The kick for the extra point missed and that was it, 7-6, at halftime.

Woodstock plowed to another touchdown in the third quarter, and added the extra point to take a frightening 14-6 lead.

WAS ANTIOCH whipped? Hardly.

Early in the fourth quarter the Sequoits drove for a touchdown, with Tim Sheppard plowing across from the seven. A pass for the extra point was incomplete and the Sequoits needed another touchdown ... or at least a field goal.

They got the touchdown with only 3½ minutes remaining.

Sheppard cracked across from the eight, diving into the end zone to put Antioch in front 19-14. Then Sheppard dove in again, for the extra point, and it was 20-14.

Woodstock still had a chance to win, but its hopes were dashed when Rich Dauck of Antioch intercepted a pass.

COACH ROY Nelson had a hard time singling out stars.

"I'd have to go right down the lineup," he said. And then he mentioned the play of Dave Bogaerts, Paul Petty, John Kakacek and Wally Wallraf.

Bodin hit on four of his six passes, three of them to Boarini, a talented 6-2 end who transferred from Mundelein Carmel and had to sit out last year.

Nelson said Tom McAvoy did "a heck of a job" as a defensive back, and Doug Schreiber starred on defense in the all-important second half.

Don McGrain came up from the secondary to make key tackles. Dauck was sharp as a linebacker and did some fine blocking along with Rich Coles. "Noseguard" Don Norwick was in there constantly, too, the

coach said, and Bruce Kecs-kemety and Mitch Witt helped contain the Woodstock offense. "The whole team, all the way down the line, was tough," Nelson said. "We're small, but tough."

The running backs didn't gain a lot of yardage, but they had some key runs ranging from 5 to 10 yards. Sheppard, Dave

Moore, Petty and Wallraf all showed running ability.

STEVENSON'S PATS are next. Even though they were trounced last week, by a strong club, they're a good defensive team, Nelson warns.

The Sequoits will have to be at their best again if they want to emerge with 2-0 record.

Saturday. Dennis Topcik was warming up a recently purchased late model when the throttle stuck.

Topcik hit the wall with such force that it broke the concrete and collapsed the front of the car, cracking the engine block and pushing the right-front wheel through the car and against the steering wheel.

Topcik was not seriously hurt, although he was taken to the hospital complaining of neck pains. The car was totally destroyed.

The hobbies will race as part of Saturday night's variety card and Sunday's late model 50-lapper will close the season.

SIGNATURE STAMP

The first signature stamp was created to affix an English king's name to documents when government paper work began to pile up—and by the year 1545 it already stacked high. So many laws, edicts, orders, commissions and what-not had to be signed daily that Henry VIII, to spare his writing hand, had a facsimile stamp made. It was carved from wood, rubber being unknown. The king delegated authority for using it on routine documents to two designated officials; a third official applied the ink. Aware that any error of judgment in wielding their royal power was dangerous—short-tempered Henry had a bad habit of beheading people—the officials requested, and secured in writing, a pardon in advance for their job of counterfeiting the king's signature.—GEORGE R. How's Your Mailbox

Rural postal patrons have
been asked to check the
condition of their mailboxes.

The request was made this
week by Postmaster Walter
Barnas in conjunction with
Blaine Ring, Antioch Township
Road Commissioner.

The mailbox standards this
year include: firmly anchored
post, base of mailbox 42 inches
from the ground, neatly
painted, watertight, flag in good
condition, properly marked
with name, box number or
street address, and located
where it is easily served by the
mail carrier but does not
interfere with snow removal.

If your mailbox meets these
requirements you are making a
major contribution in aiding the
Post Office in mail delivery to
your area, Barnas said.

**THE ANTIOCH NEWS HOPES
YOU HAVE A HAPPY DAY.**

Rides, Meals Planned for Sr. Citizens

Transportation and meals are two of the services being offered in the Antioch area by the Chaplaincy Services Inc., Chain of Lakes Senior Services Project.

The first project office is located at 848 Main St., in the basement of the Antioch

Methodist Church. A second office will be opening in Round Lake Oct. 1.

The program has begun on a limited basis and its expansion will depend on more volunteer help.

Other services for seniors will

include information and referral, counseling and outreach.

The services are designed to assist and maintain seniors in their own home environment and avoid the need for institutionalization. Special attention will be given to seniors who live alone and are isolated from needed services.

To assist in providing these services, the Chain of Lakes Project needs volunteers. The volunteers will answer phones, deliver hot meals to homebound seniors and make friendly visits. The project also needs donations from individuals, churches, groups and corporations, according to Randy Wiesemann, 395-5162.

CHANNEL LAKE CHATTER

There will be a meeting at the Channel Lake grade school at 7:30 p.m. Monday, Sept. 15. It will be in the school gym and concern the referendum to be held Oct. 18.

Henry Meyer, superintendent of School District 34, will answer questions and supply information about the need in the district for a new lower grade school.

Only Channel Lake school residents (everyone living west of Barney Shunneson's) should attend.

A VERY happy birthday was celebrated by Harriet Runyard last Thursday when 50 members of her family gathered at daughter Mary Jo and Mike Zeien's home to help her blow out those 69 candles.

The weekend was a busy one for Harriet as she saw her granddaughter Betsy McKinney marry Red Sweatman at St. Peter's church Saturday afternoon. Betsy is the daughter of Mr. and Mrs. Lee McKinney of Channel Lake and Red is the son of Mrs. Josephine Sweatman of Antioch. The happy couple are making their home on Lake Ave. in Channel Lake.

BIRTHDAY WISHES to Cindy Doty who was six years old last Friday and to Debbie Burton who is five today.

Our sympathies are extended to the Louis Bliss family and to the Leo Charnecki family on the loss of their loved ones.

Clever Clovers End 4-H Year

Another successful year is ending for the Clever Clovers 4-H Club.

A local club achievement program was held in May with all members demonstrating skills in projects such as foods, sewing, crocheting, wood-working, cat care, geology, mosaics and home furnishings. Projects were on display for parents and friends.

The County Fair once again was a main event. In the demonstration contest, Marsha Fallon received an "A" and was selected as second alternate to the State Fair. Lorna Whitton received an "A" in the junior division.

A Reserve Grand Champion ribbon was awarded to Miss Whitton in dog care. Miss Fallon and Susan Williams received Grand Champion ribbons in knitting. Marsha also received the junior trophy in knitting.

Susan Williams went to the State Fair with her knitted garment. Judy Houghton, Susan Williams and Marsha Fallon were selected honor group members in sewing. Judy Houghton was selected seventh alternate to the State Fair.

Michael Fallon was selected Grand Champion in mosaics and Lorna Whitton received a first alternate. Michael also received a Grand Champion in woodworking. Marsha Fallon received a Reserve Grand Champion in yeast breads.

Ahoy Pub with the Galley "Below Deck." The Galley "Below Deck" features ice cream treats, etc.

Dick and Jody Burton hosted

a meeting last Sunday for representatives of the neighboring subdivisions in our area. The purpose of the meeting was "the uprise of burglary, vandalism, break-ins and drug traffic in our area." Investigator Willie Smith of the narcotics division of the Lake County Sheriff's Police was present to answer some of our many questions and supplied a lot of helpful information to help the residents cope with the ever present situation.

THE WOODCREST Subdivi-

sion Association will hold a meeting Sunday, Sept. 15, at 2 p.m. at the Burton home.

Joanne Franz, Brownie leader, reports that Brownie meetings will be changed from Wednesday afternoons to Thursday after school. The meeting will end at 4 o'clock and the girls must have their own transportation home.

Three area boys were with the Civil Air Patrol Squadron assigned to direct traffic at the Walworth County Fair in Elkhorn, Wis., over the long Labor Day weekend. The boys, Cadet 1st Class Kirk Sarmont, Cadet 1st Class John Sybor and Master Sargent Lee Sarmont, were happy to have this unique

experience and were commended on a job well done by the Wisconsin State Police.

The boys had just returned from a 10-day encampment at Camp Volk, where they lived in the barracks with Air Force men and went through a week of routine training including flying, machine gun firing and war games. They said the food served in the mess hall was the greatest.

Well, the day has finally come after a six-year wait. We went to Bozo's Circus on Monday, after sending for the tickets in 1969. Will write more about this in my next column.

Let me know the news!
